**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

It's really important for us consumers that Telecom stays competitive. Tell the FCC why you choose a competitive provider.

OR if you are stuck with just one or two providers, tell the FCC why you want more competition!

Say NO to price hikes that will increase the cost of internet and telephone services.

If it doesn't and a few companies control it, they will hike the prices of these utilities as and when they want adversely affecting all of us consumers.

Broadband is critical to your home and business. It's as basic a necessity as water, food and air.

Please keep it the way it is right now.
